This includes but is not limited to the abductions and illegal extraditions, torture and suspicious deaths in Turkish prisons, people dying while fleeing from Erdogan's Regime in the sea.

Tortures and mistreatments in Turkish prisons. Confiscations, threats and hate speech used against the critics of the government.

Lastly, we urge everyone to take action to stop the social genocide of the opponents and to free thousands of political prisoners in Turkey.

CHAMPIONING HUMAN RIGHTS

AST holds conventions to bring light to the ongoing conflict and its influences in Turkey. Also to develop strategies to champion human rights worldwide through panels, discussions, workshops, art and photo exhibitions, and legal training sessions. Some examples of these are The Freedom Forum, Immigrant Women Empowerment Panel, film festivals, and movie screenings. Also AST members attend conferences held by other human rights organizations.
