

ADVOCATES OF SILENCED TURKEY'S

SPRING INTERNSHIP FOR WOMEN'S RIGHTS ADVOCACY

Advocates of Silenced Turkey's second internship program is designed to foster research and academic writing skills and will provide college students with the opportunity to work in close contact with survivors of the Turkey purge through human rights advocacy projects. The program will focus specifically on the infringement of women's rights in Turkey, framing the larger fight for gender equality as it pertains to both contemporary political and social issues. This internship is a great opportunity to develop your research and academic writing skills as you work towards publishing a paper for AST under your own name.

APPLY BY NOVEMBER 30, 2020

INTERNSHIP DATES:

JANUARY 3, 2021 TO MARCH 8, 2021

Reach out to internshipsilencedturkey.org with any and all questions about the program.
